Aspiring computer scientist pursuing a B.S. in Applied Computer Science at the University of Colorado Boulder. Experienced in Python development, data-driven problem solving, and full-stack web applications using Flask and SQLite. Demonstrated ability to lead and collaborate in Agile/Scrum environments, manage complex projects, and translate user needs into solutions.

EDUCATION

Bachelor of Science in Applied Computer Science

Expected May 2027

University of Colorado Boulder | Boulder Colorado

- GPA: 3.9

Relevant Coursework:

Intro to AI | Data Structures & Algorithms | Software Development Strategies (Agile/Scrum, version control, team-based development) | Discrete Structures | Linear Algebra | Intro to Data Science & Statistics | Algorithms

Teacher Licensure - Colorado BOCES

Master of Music in Vocal Performance

The New School's Mannes School of Music | New York City, NY

- GPA: 3.81

Bachelor of Music in Vocal Performance

University of Denver's Lamont School of Music | Denver, CO

- GPA: 3.61

TECHNICAL SKILLS

Programming & Web Development: Python | C++ | HTML | CSS

Frameworks & Databases: Flask | SQLite

Developer Tools & Methodologies: Git & GitHub | Agile/Scrum | Jira

Tools & Platforms: Microsoft Office Suite | Google Workspace | Canva | TipWeb | MuseScore | Zoom

Project & Operations Management: Scheduling & Workflow Coordination | Calendar & Event Management | Data & Asset Tracking

Professional Strengths: Cross-Functional Communication | Team Collaboration | Problem Solving | Adaptability | Attention to Detail | Organizational Skills

PROJECT EXPERIENCE

[HTTPS://GITHUB.COM/KFLICK3R](https://github.com/kflick3r)

Career Skills Match Web Application

Team Project — Scrum Master, Agile/Scrum, GitHub Collaboration

- Developed backend routes using Flask to process user survey data and generate career match results
- Implemented unit tests to validate application functionality and ensure code reliability
- Led team as Scrum Master, managing the Jira board, facilitating sprint planning, coordinating tasks, and ensuring smooth team communication
- Built a scoring algorithm to calculate match percentages between user skills and job requirements
- Identified and displayed skill gaps to guide user development
- Collaborated using Git/GitHub, managing version control, pull requests, and code integration
- Contributed to application development using Flask, SQLite, HTML, and CSS

EXPERIENCE

Choir and Orchestra Teacher

August 2020 - August 2025

Orchard Mesa Middle School, Grand Junction, CO

- Managed and coordinated two large programs (Choir and Orchestra) for 250+ students, including scheduling, budgeting, and event planning—demonstrating strong project management and organizational skills.
- Maintained a digital and physical library of 1,300+ music titles and an instrument inventory, ensuring accurate data management and system organization.
- Created and streamlined documentation and communication for students, families, and staff.
- Collaborated with leadership to analyze performance and implement improvements

Admission Liaison

January 2019 - July 2020

The New School, New York City, NY

- Served as primary contact for prospective and current students and families, managing high-volume communication
- Designed and led graduate-level campus tours that contributed to increased graduate enrollment
- Coordinated scheduling and administrative processes across departments
- Assisted with recruitment events and daily operations with high-level attention to detail

Administrative Assistant

January 2015 - June 2017

Lamont School of Music, Denver, CO

- Coordinated event logistics and complex scheduling for auditions and programs
- Maintained accurate records and improved documentation workflows
